

§ 39.206

(1) Each year's ADM is multiplied by the applicable weighted student unit for each grade level;

(2) Calculate any supplemental WSUs generated by the students; and

(3) Calculate any supplemental WSUs generated by the schools.

(b) The total WSU for the school year is the sum of paragraphs (a)(1), (a)(2), and (a)(3) of this section.

§ 39.206 How does OIEP calculate the value of one WSU?

(a) To calculate the appropriated dollar value of one WSU, OIEP divides the systemwide average number of WSUs for the previous 3 years into the current year's appropriation.

(b) To calculate the average WSU for a 3-year period:

(1) *Step 1.* Add together each year's total WSU (calculated under paragraph (b) of this section); and

(2) *Step 2.* Divide the sum obtained in step 1 by 3.

§ 39.207 How does OIEP determine a school's funding for the school year?

To determine a school's funding for the school year, OIEP uses the following seven-step process:

(a) *Step 1.* Multiply the appropriate base academic and/or residential weight from § 39.103 by the number of students in each grade level category.

(b) *Step 2.* Multiply the number of students eligible for supplemental program funding under § 39.107 by the weights for the program.

(c) *Step 3.* Calculate the school-based supplemental weights under § 39.107.

(d) *Step 4.* Add together the sums obtained in steps 1 through 3 to obtain each school's total WSU.

(e) *Step 5.* Add together the total WSUs for all Bureau-funded schools.

(f) *Step 6.* Calculate the value of a WSU by dividing the current school year's funds by the average total WSUs as calculated under step 5 for the previous 3 years.

(g) *Step 7.* Multiply each school's WSU total by the base value of one WSU to determine funding for that school.

25 CFR Ch. I (4–1–16 Edition)

§ 39.208 How are ISEP funds distributed?

(a) On July 1, schools will receive 80 percent of their funds as determined in § 39.207.

(b) On December 1, the balance will be distributed to all schools after verification of the school count and any adjustments made through the appeals process for the third year.

§ 39.209 When may a school count a student for membership purposes?

If a student is enrolled, is in attendance during any of the first 10 days of school, and receives at least 5 days' instruction, the student is deemed to be enrolled all 10 days and shall be counted for ADM purposes. The first 10 days of school, for purposes of this section, are determined by the calendar that the school submits to OIEP.

(a) For ISEP purposes, a school can add a student to the membership when he or she has been enrolled and has received a full day of instruction from the school.

(b) Except as provided in § 39.210, to be counted for ADM, a student dropped under § 39.209 must:

(1) Be re-enrolled; and

(2) Receive a full day of instruction from the school.

§ 39.210 When must a school drop a student from its membership?

If a student is absent for 10 consecutive school days, the school must drop that student from the membership for ISEP purposes of that school on the 11th day.

§ 39.211 What other categories of students can a school count for membership purposes?

A school can count other categories of students for membership purposes as shown in the following table.
